

**South East New Territories Landfill Extension (SENTX)**  
**3<sup>rd</sup> Community Liaison Group Meeting**

**Meeting Notes**

**Date:** 31 August 2021  
**Time:** 9:30 a.m.  
**Venue:** Conference Room, Green Valley Landfill, Limited

**Attendees:**

Chairman: Ray Chung, Environmental, Health and Safety Manager, Green Valley Landfill, Limited  
Secretary: Jenny Cheng, Community Relations Officer, Green Valley Landfill, Limited  
Natasha Wong, Communications Manager, Veolia Hong Kong  
Eric Chong, Community Assistant, Property Management, Hong Kong Science and Technology Parks Corporation (HKSTP)

**Absent:**

Gerry Lam, Executive Director & CEO, Integrated Waste Solutions Group Holdings Limited (IWS)  
Vincent Tong, Senior Plant Manager, Gammon Construction Limited (GCL)  
Tim Cheng, Facilities Manager, ISS East Point Property Management Ltd (ISS)

**Meeting Notes:**

**Introduction from the Chairman**

The Chairman introduced the progress of the construction work of SENT Landfill Extension project. He said the SENTX area will start operation in the 4<sup>th</sup> quarter of this year. GVL will keep its neighbours informed of the opening in due course.

**Concerns raised by HKSTP**

Eric Chong of HKSTP expressed that there was no complaint from its tenants about the landfill operation over the past year. He said the tenants were mainly concerned about the traffic congestion caused by the frequent washing of Wan Po Road.

Eric also enquired about the location of the new entrance for waste reception and asked if the restoration work of the existing landfill will continue after the extension area starts operation.

**Reply from the Chairman**

The Chairman replied that he noted the road washing issue and that it has been discussed and followed up in the Sai Kung District Liaison Group Meeting.

As for the new entrance for waste reception at the extension area, it will be located next to the existing back gate of the landfill (near Gas Processing Plant of Towngas), which is further away from the TKOIE. The restoration work of the existing landfill will continue after the extension area starts operation.

Date of next meeting

To be determined

Meeting adjourned at 10:15 a.m.
